Density	-	0.89 – 0.92
Solubility in water	-	Insoluble
Decomposition temperature	-	>300 dgc

Section 8: Stability and reactivity

Reactivity	-	Not reactive
Chemical Stability	-	Stable under normal conditions
Conditions to avoid	-	Heat more than 100 dgc
Hazardous decomposition	-	No hazardous products in room temperature Thermal decomposition will evolve irritant vapors

Section 9: Toxicological Information

Skin Contact	-	No irritation
Eye contact	-	Dust may cause irritation
Respiratory	-	None known

Section 10: Ecological Information

Toxicity	-	Product is not harmful for environmental organisms
Persistence and degradability	-	The material is non biodegradable

Section 11: Disposal consideration

Waste treatment method	-	If any waste happening, disposal should be according to Government legislation
------------------------	---	---

Section 12: Transport Information

Land/sea/air	-	Not classified as dangerous for transport
